Edgar Cayce on Exploring the Illusion of Time

SATURDAY OCTOBER 15th, 2022

7:00 p.m. – 9:30 p.m. EST

There is no charge to view this webinar

Many individuals are aware of the fact that Edgar Cayce, the most documented psychic of all time, mentioned thousands of topics in the 43 years he gave readings. What most individuals do not know is that one of those topics was “the illusion of time”. In fact, in more than 70 readings Cayce discussed **the fact that our perception of time is nothing more than a collective illusion.** Somehow the past, present, and future are experiences in consciousness that do not exist outside of the third-dimensional plane.

DURING THIS EXCITING WEBINAR, YOU WILL:

- Explore the nature of time and see how the dimension of time is tied into the Akashic Records.
- Hear fascinating accounts of individuals who have broken through the illusion of linear time and somehow experienced the past and the future while in the present.
- Understand that since time is an experience in personal consciousness it may be possible to “change” and heal experiences from the past even in the present.

Led by Kevin Todeschi, the retired Executive Director & CEO of the Edgar Cayce work, this program will give you a new perception on how time works, and how we are each co-creators in the unfoldment of our personal experiences in time.

KEVIN J. TODESCHI, MA served in a variety of positions with Edgar Cayce’s A.R.E. for nearly forty years before retiring as Executive Director & CEO. A popular speaker, he has lectured on six continents to thousands of individuals. A prolific writer, he is the author of more than 25 books, including *The BEST Dream Book Ever*, *Edgar Cayce on the Akashic Records*, *Edgar Cayce on Reincarnation and Family Karma*, and *Edgar Cayce on Mastering Your Soul Growth*. His newest book is a novel on the Illusion of Time just released and entitled, [A Time Traveler’s Journal](#), written under the pen name Stanton Call.
